

The Accredited Family
of Home Care Services

Your comprehensive at-home MANAGEMENT PLAN

LIVING WITH **CANCER**

By closely following your treatment plan goals, you can effectively manage your condition... and *The Accredited Family of Home Care Services* is here to help. Our nurses, physical therapists, equipment specialists and aides will contribute to your recovery every step of the way, working closely with your doctors and your family.

ACCREDITED HOME HEALTH SERVICES: *Visiting skilled nurses & therapists*

Licensed nurses will educate the patient and family about proper nutrition, pain management and pre-/post-surgical care, and will establish a medication regime. They will also assist with post chemotherapy/radiation therapy support.

Physical therapists can conduct a home safety inspection and recommend strengthening exercises and appropriate durable medical equipment (DME).

Occupational therapists can assist with upper body strengthening, assess swallowing skills and recommend devices to assist with Activities of Daily Living.

Medical Social Workers will assist with accessing community resources and address any counseling needs.

ACCREDITED NURSING CARE: *One-on-one in-home attendant care*

Through one-on-one interaction, our nurse's aides will motivate and encourage:

- Management of Daily Activities at onset of fatigue to best conserve energy
- Meal preparation to increase energy levels through proper nutrition
- Assistance with exercise regimen to reduce depression & anxiety while increasing energy
- Relaxation and breathing exercises to reduce stress levels
- Verbal communication and emotional support
