

The Accredited Family
of Home Care Services

Your comprehensive at-home MANAGEMENT PLAN

MINIMIZING THE EFFECTS OF **STROKE**

By closely following your physician's plan of care, you can effectively manage your condition... and *The Accredited Family of Home Care Services* is here to help. Our nurses, therapists, equipment specialists and nurse's aides will contribute to your recovery every step of the way, working closely with your doctors and your family.

ACCREDITED HOME HEALTH SERVICES: *Visiting skilled nurses & therapists*

Licensed nurses will instruct family members on the management of Stroke. They will also monitor medications and provide a medication regimen.

Medical Social Workers will help the family access community resources and will assist the family with any counseling needs.

Physical or occupational therapists can conduct a home safety inspection and recommend adaptive medical equipment to assist with Activities of Daily Living. They can also design an in-home exercise program to build strength and conserve energy.

Speech therapists can evaluate swallowing ability, make appropriate dietary recommendations, and suggest alternate means of communication when necessary.

ACCREDITED NURSING CARE: *One-on-one in-home attendant care*

Accredited's caregivers can provide one-on-one assistance with:

- Mobility issues and/or supervision to prevent falls
- Support with feeding for patients with paralysis
- Transferring to/from bed, wheelchair, toilet, sofa/chair
- Activities of Daily Living such as bathing, dressing, grooming
- Helping patients overcome communication difficulties
- Supervision of physical/occupational therapy exercises or assignments
- Emotional support and companionship

ACCREDITED MEDICAL EQUIPMENT & SUPPLY: *Door-to-door delivery*
